

Sometimes it isn't the big things in life that make a crucial difference, it's the small ones. Whether it's valet parking, or having luggage delivered to your room, everyone loves a little convenience!

CAN WE DO ANYTHING ELSE FOR YOU?

That's why, for UAE policyholders, we introduced post dated cheques as a payment method on our regular premium products. Perhaps not a revolutionary advance, but still, one that we know will make the job of making payments that little bit more convenient for you.

You can send us post dated cheques in Arab Emirate Dirhams (AED) to pay your policy premiums.

We will not apply any additional charges to this payment method and we'll use a rate of 3.68 AED to 1 US Dollar* (USD) to convert your premiums into your USD policy.

Post dated cheques can be used for paying premiums on a monthly, quarterly, half-yearly or yearly basis and via any of our regular premium products including the ever-popular LifePlan and Quantum.

The only thing we ask of you is to make your cheques payable to RL360 Insurance Company Limited and send them to our representative office in Dubai:

Office 1402, 14th Floor, Single Business Tower, Sheikh Zayed Road, Dubai, UAE.

* this may change in the future if the pegged rate changes significantly.
