What is a Master Account?

Our OSC offers different levels of user access. The Master Account is the highest level and the Master Account Holder must appoint an administrator (known as the Master User) to manage the account. More than one Master User may be appointed. The Master User will have the ability to create Sub-Users without the need to complete further forms, however, all Sub-Users must agree to the terms and conditions which apply to their use of the OSC. Any Sub-User who does not agree to the Online OSC Terms and Conditions will not be allowed access to the OSC.

Our *Online Services Setup Guide* explains, in detail, the different ways in which access to our OSC can be set up.
