16 September 2014

Dear <<Policyholder>>

Policy Number: <<Policy Number>>
Kaupthing Singer & Friedlander (Isle of Man) Limited (“KSF (IoM)”)

Further to our previous communication in respect of the above, a ninth liquidation distribution has been paid by the joint liquidators.

This ninth distribution is equal to 2.2 pence in the pound, and was paid on the 5 September 2014.

This has had the following impact:

| Original Balance | Original Balance plus 5% Interest | Ninth Liquidation Distribution | Balance Outstanding (Inc 5% Interest) | Original Balance Outstanding |
|------------------|-----------------------------------|--------------------------------|---------------------------------------|------------------------------|
| | | | | |

Original Balance

This is the amount originally invested in KSF IoM (less any withdrawals) and linked to your policy.

Original Balance plus 5% Interest

This is the amount originally invested in KSF IoM (less any withdrawals), plus 5% interest up to 9 October 2008.

Ninth Liquidation Distribution

This is the amount that we have received from the liquidators in respect of your policy.

It is calculated as so: <<Balance inc 5%>> x 0.022 = <<9th Distribution>>

The maximum amount of interest that can be claimed is capped at 5.00% under the Bankruptcy Code 1892, until such times as all other unsecured claims have been paid in full.

Balance Outstanding (Inc 5% Interest)

This is the outstanding balance due to your policy after the deduction of all distributions to date, inclusive of 5% interest up to 9 October 2008.

Original Balance Outstanding

This is the outstanding balance due to your policy after the deduction of all distributions to date, based on your *Original Balance* only.

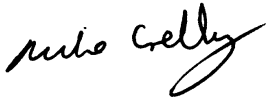

<<9th Distribution>> was credited to your policy on 12 September 2014 and will be shown on your next valuation statement. Liquidation distributions will not be paid out to you directly, they will be paid to your policy.

There are no further details available regarding the timing of future distributions.

For the latest information regarding liquidation distributions please refer to
