Important notes

In all cases cash deposit accounts linked to RL360, RL360 Services & Friends Provident International policies are owned by us. **We cannot provide investment advice and do not recommend the use of any deposit or deposit lender.**

If your client wishes to link their policy to a cash deposit account that is not listed here, it may be subject to a review to ensure that it is acceptable from an operational perspective to us.
As part of our acceptance review we do not assess the potential performance or risks to your client of investing. That responsibility rests with you, your client and any investment adviser they may appoint.

It is our right to turn down a particular cash deposit account without having to provide a reason, and we cannot accept responsibility for any loss of performance or investment opportunity as a result of our decision to turn down an account.

The rates shown are for indication purposes only and are subject to change at any time. New deposit accounts will be added and others will be removed. These rates may change between now and the time that your client applies for a policy. Full details relating to each deposit account including terms and conditions should be obtained from the actual provider.

Important notes continued

We have taken every care to collect the correct information from all of the providers shown, but we suggest that you check with the deposit account provider to ensure that these details are still valid when your client wishes to invest.

Some providers offering fixed term deposit accounts may refuse early withdrawals before the account term has expired. Alternatively they may impose a fee (as a penalty) for taking the withdrawal.

Please remember

No matter which investments your client links their policy to, there are a number of common risks that they should be aware of.

If your client links their policy to a cash deposit account they should be aware that their investment may not be covered in full by an applicable depositors compensation scheme, should the deposit account provider become insolvent. This is because they are not the owner of the account(s) linked to their policy, we are. We are classed as a corporate investor and

The value of your client's policy can go down as well as up depending on the investments it is linked to, and they may not get back their initial investment. We are not responsible for, and will not compensate clients in relation to the performance of their chosen linked investments.

The value of investments can go down as well as up purely because of exchange rates. This may happen when investments are valued in overseas currencies.
