## SO WHAT'S IT GOING TO COST?

### Required investment growth per year inclusive of all plan charges

The figures below represent the maximum charges applicable.

		PAYMENT AMOUNT					
		USD 30,000	USD 50,000	USD 100,000	USD 150,000	USD 180,000	USD 225,000

	Year 19	1.30%	1.24%	1.18%	1.12%	1.06%	1.00%
	Year 20	1.28%	1.22%	1.16%	1.10%	1.04%	0.99%

The table above provides examples of the investment growth required to cover all the plan charges over the investment terms shown above, assuming that no withdrawals are taken.

### What do the figures in the table actually mean?

Taking the example of USD50,000 with an investment term of 15 years, to cover all the plan's charges so that you get back what you paid in, the plan will need to grow by 1.36% each year. Any return in excess of this figure will be the investment growth in your plan.

Please note that an RL360 Oracle is a medium to long-term investment plan and that the examples shown above do not cover all scenarios. Other terms are available and your adviser will be able to provide you with specific details on request.

### PLAN CHARGES EXPLAINED

The charges associated with Oracle are taken in a variety of ways and these are explained below in more detail.

### Establishment charge

The establishment charge is only payable for the first 5 years of your plan and is taken at the rate of 1.5% of your payment amount per year.

The establishment charge exists in order to cover the set-up costs of your plan, including the payment of any commission to your financial adviser.

### Administration charge

The administration charge is payable for the lifetime of your plan at the rate of 1.2% of the higher of your plan value, or your payment amount per year.

The administration charge is taken to cover the associated running costs of the plan.

### BONUSES EXPLAINED

#### Enhanced allocation

When you take out your plan, you may qualify for extra allocation. Depending on the size of your initial payment, we will provide up to 105% allocation when we issue your plan.

### Loyalty bonus

On the 6th payment anniversary we will give you a bonus of 0.50% of your plan's value as a reward for keeping your plan in place. We will give you this bonus every year thereafter, whilst your plan remains in force.

### IMPORTANT

If you cancel your plan before the establishment charge period has expired, we will take the outstanding establishment charge as an early exit charge before paying the remaining plan value to you.

**Financial advice** - this is a summary and general introduction to the reasons why you might consider Oracle as part of your financial planning objectives. You should speak to your financial adviser and read the plan literature suite before making your decision.

We will only accept business that is introduced via a financial adviser.
