## 03 SOURCE OF FUNDS

The Isle of Man Financial Services Authority requires all Isle of Man life companies to make enquiries as to how an applicant has acquired the monies to be used as payment for their plan. This reflects the Isle of Man's commitment to maintain the highest possible standards of business practice and to counter money laundering and the financing of terrorism.

RL360 has adopted a risk-based approach to meet these regulations, categorising our products and countries that we will accept business from into Standard or Higher risk. We have categorised countries according to their level of compliance with international regulatory standards.
