

# International Flexible Trust (Corporate Trustee)

**This deed is provided as a draft to be considered by you and your professional adviser. We can accept no responsibility for the tax or any other consequences arising out of you executing this deed, or for ensuring that the deed meets with your requirements.**

The International Flexible Trust is designed to allow non-UK domiciled policyholders to nominate a person(s) who in the event of the policyholder's death should be paid the proceeds of the death claim without the need for obtaining Isle of Man Probate.

## Completing the trust form

(The numbering denotes the relevant clause in the trust form.)

### The Settlor - Creating the Trust

In a case where the Settlor has applied for a policy which is yet to be issued, the trust form must be dated on or after the commencement date of the policy. In the case of an existing policy it should be dated when the trust form is completed.

### Who are the Trustees?

The Trustees are the future legal owners of the Initial Trust Property, i.e. the property specified in Part 1 and/or Part 2 of the Schedule, holding it upon trust for the benefit of the person(s) specified in the Trust.

- D(ii) The Settlor may appoint new Trustees to act with the existing Trustees of the Trust. After the Settlor's death, the Trustees may appoint new Trustees.
- D(iii) The Settlor, so long as there are two Trustees or a Trust Corporation still acting after the removal, may remove a Trustee from office.

### What is included in the Trust?

- B(iii) If a policy is to be transferred into trust and B(iii)(a) or (b) apply, details should be inserted in the relevant box. Any assets to be transferred to the Trustees at the outset in addition to or in place of a policy should be specified in Part 2 of the Schedule. Further assets may be added to the Trust Fund later, by transferring them to the Trustees.

### The Beneficiaries

- B(vi) The first step is to identify the intended beneficiaries of the Trust (the Named Beneficiaries) and their respective shares. These are the beneficiaries who will benefit if no one is nominated by the Trustees from the list of Discretionary Beneficiaries at B(vii) (see below), or if the Trustees have made a prior appointment of some but not all of the trust assets. The Named Beneficiaries will have an interest in possession in those

trust assets not appointed by the Trustees to any one or more of the Discretionary Beneficiaries.

The Settlor may himself be a Named Beneficiary. This will be appropriate if the Settlor is expecting to need access to the Trust Fund. Even if the Settlor is not a Named Beneficiary, as he is one of the Discretionary Beneficiaries the Trustees could appoint all or part of the Trust Fund to him.

If a Named Beneficiary dies, the Trustees may appoint their share to any of the Discretionary Beneficiaries.

### Changing the Beneficiaries

- B(vii) The Settlor may add additional persons to the class of Discretionary Beneficiaries by completing the space provided at B(vii)(g). The Settlor may also add to the class of Discretionary Beneficiaries at any time either by a signed document given to the Trustees while he is alive or by will, or by both methods.

### Signing the Trust

- G. The trust form must be signed by the Settlor(s) before a witness who must sign against each signature. The witness must be independent, over 18 and not a relative of the person whose signature is being witnessed.

The Trustees should sign at the end of the trust form, adding the date of their respective signatures. This is to confirm acceptance of their appointment as Trustees.

Once signed, the trust form must be returned to RL360° for noting and return. When returned to you, it should be kept with the policy document and other trust papers.

# International Flexible Trust

Please complete this form in **blue ink** using **BLOCK CAPITALS** throughout.

**If you are placing an existing RL360° policy in trust, you will need to return the original policy documents to us with this trust deed.**
