To: Shareholders of Aberdeen UK Flexible Strategy Fund (the "**Merging Fund**"), a sub-fund of Aberdeen Investment Funds UK ICVC II
7 August 2015

Dear Shareholder:

Proposal for a scheme of arrangement for the merger of the Merging Fund with Aberdeen Multi-Asset Fund (the "Continuing Fund"), a sub-fund of Aberdeen Investment Funds ICVC

In this document, unless the context requires otherwise, the terms shall have the meaning set out in the Glossary at Appendix 1.

We are writing to you as a Shareholder in the Merging Fund to inform you of our plans to merge the Merging Fund with the Continuing Fund (the "**Merger Proposal**") on Friday 11 September 2015 (the "**Effective Date**"), by way of the scheme of arrangement set out in Appendix 4 (the "**Scheme**"). Details of the Merger Proposal and the Scheme, together with details regarding the action you should take and the implications for you as a Shareholder, are set out in this document.

The merger requires the passing of a resolution at a meeting of Shareholders of the Merging Fund (the "**Meeting**") and in this regard you are invited to vote. We believe that the Merger Proposal is in your best interests as a Shareholder. It is important that you exercise your right to vote and we urge you to **vote in favour** of the Merger Proposal.

Background to the Merger Proposal

The Merger Proposal represents the next step in a process of product range rationalisation being implemented following the Aberdeen Asset Management Group's purchase of Scottish Widows Investment Partnership Group Limited ("SWIP") from Lloyds Banking Group plc.

We do not believe the Merging Fund remains a viable proposition for investors seeking to achieve a positive capital return, over rolling three-year periods, regardless of market conditions. The Merging Fund is small in size and continues to experience net outflows of assets. In addition, the investment strategy of the Merging Fund is not consistent with Aberdeen's core investment approach, philosophy and process. For these reasons, we believe it is likely to become increasingly difficult to manage the Merging Fund efficiently.

The Continuing Fund pursues a multi-asset investment strategy which typically provides a diversified and blended portfolio including equities, bonds, cash and alternative investments with the aim of delivering smoother levels of performance returns. It is also large in size and can generally be managed more efficiently than the Merging Fund. As such, we believe that the implementation of the Merger Proposal will ultimately be in the best interests of Shareholders.

In addition, each share class of the Continuing Fund benefits from a fixed rate of certain ongoing expenses following the introduction of a new expense charging mechanism in the Aberdeen Investment Funds ICVC umbrella investment company in February 2015. We believe this will benefit investors by enabling greater comparability of expenses, whilst offering protection to Shareholders from fluctuations in the level of the relevant expenses.

In the event the Merger Proposal is rejected by Shareholders, it is likely we will make an application for regulatory approval to terminate the Merging Fund on the basis that it no longer represents a commercially viable proposition for investors.

Comparison of the Merging Fund and the Continuing Fund

Investment Objectives

The investment objectives of the Merging Fund and the Continuing Fund are different. The Merging Fund aims to achieve a positive capital return regardless of market conditions over rolling three-year periods, which means that it makes investments with a view to generating returns in falling markets as well as rising markets. In general this strategy is expected to provide relatively smooth returns, although such returns may be more modest than the returns that might be derived from a more traditional investment strategy.

The Continuing Fund aims to provide a combination of income and capital growth over the long term. Investment decisions will generally be made on the basis of how assets are expected to perform over a longer horizon, although tactical changes may be made throughout the different stages of an economic cycle to adapt to changing market conditions. Since the Continuing Fund also has a diversified portfolio, returns are expected to be less volatile than those of an equity fund.

Investment Policies

There are also important differences in the investment policies that are used to achieve the investment objectives.

The Merging Fund invests predominantly in UK equities, related derivative contracts, money market instruments, cash, near cash, and deposits. It uses derivatives for investment purposes to a significant extent and can take short positions, which are generally riskier than long positions. The Merging Fund can hold up to 100% of its physical assets in cash, near cash, deposits and/or money market instruments and currently holds more than 40% of its portfolio in such assets.

The Continuing Fund invests in a diversified portfolio of equities, bonds, cash and alternative investments, including, in particular, collective investment schemes managed by Aberdeen. Although it has the potential to use derivatives for investment purposes on giving prior notice to investors, the Continuing Fund currently only uses derivatives for the purposes of efficient portfolio management.

In addition, whereas the Merging Fund may only invest up to 10% of its assets in collective investment schemes, the Continuing Fund has the ability to hold up to 100% of its assets in such investments.

Full details of the investment objectives and policies of the Merging Fund and the Continuing Fund are set out in Appendix 2.

Risk Profiles

Due to the differences in investment objectives and policies, the risk profiles of the Merging Fund and the Continuing Fund are different.

The Synthetic Risk Reward Indicator ("SRRI") demonstrates where an investment fund ranks in terms of its potential risk and reward. The higher the figure, the greater the potential reward, but also the greater the risk of losing money.

The Merging Fund has an SRRI of 6, whereas the Continuing Fund has a lower SRRI of 4. These figures are based on past data, they may change over time, and they may not be a reliable indication of the future risk profile of an investment fund.

Other Principal Features

It should be noted that the way ongoing expenses are charged is different (as mentioned in *Background to the Merger Proposal* above).

Whilst ongoing expense items currently charged to the Merging Fund can fluctuate, in the Continuing Fund a rate comprised of certain (but not all) ongoing expense items is fixed. We meet any excess in the amount of the covered ongoing expenses above the fixed rate, but we are entitled to retain any amount by which those expenses are less than the fixed rate. Shareholders will benefit from the fixed rate without any expected increase in the level of the relevant expenses that would otherwise apply immediately prior to the Scheme becoming effective.

It should also be noted that whilst the Continuing Fund makes payments and allocations of available income on a semi-annual basis like the Merging Fund, the dates of such payments and allocations are different.

A comparison of the other principal features of the Merging Fund and the Continuing Fund, including more detail regarding the treatment of ongoing expenses, is also set out in Appendix 2.

Terms of the Merger Proposal

If the Merger Proposal is approved, on the Effective Date Shareholders will receive corresponding New Shares in the Continuing Fund of the same type as the Shares they currently hold (as set out below), in exchange for the transfer of the assets of the Merging Fund to the Continuing Fund on the terms set out in the Scheme. Shares in the Merging Fund will be deemed to have been cancelled and will cease to be of any value.

The classes of New Shares to be issued to Shareholders under the Merger Proposal are as follows:

Merging Fund			Continuing Fund		
Class of Shares	Type of Shares	ISIN code	Class of New Shares	Type of New Shares	ISIN code
Class A	net accumulation	GB00B1265J60	Class A	net accumulation	GB0031682171
Class B	net accumulation	GB00B1265L82	Class I	net accumulation	GB0031682395
Class X	net accumulation	GB00B1265S51	Class Z	net accumulation	GB00B1GCQ752

The ACD or one of its affiliates will ensure that Shareholders who receive, respectively, Class A Shares, Class I Shares and Class Z Shares will, for a period of one year from the Effective Date, effectively be subject to an ongoing charge that is no higher than the ongoing charge in respect of, respectively, Class A Shares, Class B Shares and Class X Shares as at the Effective Date.

This will be achieved by increasing the value of each holding of Class A Shares, Class B Shares and Class X Shares in the Merging Fund by an amount equating to one year's estimated value of the net increase in the ongoing charge and making the associated payment within three months of the Effective Date.

Further details of the charges and other features that apply to holding Shares in the Continuing Fund are set out in Appendix 2.

Distributions

In order to simplify the merger process, the final distribution to be allocated in respect of the Merging Fund will be calculated prior to the Effective Date. The key dates are set out in Appendix 3.

For Shareholders who hold Shares immediately prior to the Effective Date, any income available for allocation will be transferred to the capital account of the Merging Fund and will be reflected in the value of New Shares issued to such holders of accumulation Shares.

Procedure and timetable

The timetable of key dates in the implementation of the Scheme, including the passing of the resolution at the Meeting, is set out in Appendix 3. The procedure for the Meeting, which is to be held at 10:15 am on Thursday 27 August 2015, is set out in Appendix 6.

The Scheme itself is set out in Appendix 4, whilst details of the various consents that have been given or obtained in respect of the Merger Proposal are set out in Appendix 5.

The resolution to enable the implementation of the Merger Proposal is set out in the Notice of Meeting in Appendix 7. If approved, it is intended that the Scheme will become effective on the Effective Date, Friday 11 September 2015.

Please note that if the resolution is passed, the Scheme will be binding on all Shareholders, whether or not they voted in favour of it, including whether or not they voted at all. If you wish to sell Shares in the Merging Fund prior to the merger or do not wish to be a shareholder of the Continuing Fund, you must act to redeem your Shares before 12 noon on Thursday 10 September 2015.

Costs

If the Merger Proposal is approved, the Merging Fund's portfolio will be liquidated to facilitate the merger. The costs of liquidating the non-cash investments, which are expected to be approximately 0.01% of the net asset value of the portfolio, will be borne by the Merging Fund. In addition, a dilution adjustment may be applied on the transfer to the Continuing Fund.

All other costs of implementing the Merger Proposal, including the costs of convening and holding the meeting of Shareholders and of preparing associated documentation, will be paid by Aberdeen.

Alterations to the Scheme

In accordance with the terms of the Scheme, the ACD may, on or before the Effective Date and subject to any FCA approvals which may be required, modify, add to or apply conditions to the Scheme as the ACD may propose and as the ACD, State Street and Natwest may agree provided that such modifications, additions or conditions do not involve any material prejudice to Shareholders.

Tax implications

Based on our understanding of the current legislation and the current HM Revenue & Customs ("HMRC") practice relevant to investors resident in the United Kingdom, and on the basis of the tax clearances which have been obtained from HMRC in the United Kingdom, the merger will not constitute a disposal of Shares in the Merging Fund for United Kingdom capital gains tax purposes.

New Shares issued under the Scheme in the Continuing Fund will be deemed to have the same acquisition cost and acquisition date for the purposes of United Kingdom capital gains tax as the Shares originally acquired in the Merging Fund. Details of tax clearances which have been obtained are set out in Appendix 5. It is not expected that any United Kingdom stamp duty or stamp duty reserve tax will be payable in connection with the Scheme.

We believe the above information on taxation to be correct at the time of printing this letter. However, it relates solely to United Kingdom tax law and practice (which may change). Please note that the above information does not constitute tax or legal advice. We recommend that you consult an independent professional adviser to obtain specific advice relating to your personal circumstances, especially if you are not or may not be resident in the United Kingdom.

Mandates and other instructions

If the Merger Proposal is approved, any mandates or other instructions which you have given in relation to your Shares will automatically apply to the New Shares issued to you under the Scheme.

If you would not want any mandates or other instructions which you have given to be carried forward, please let us know. You may of course change these mandates or instructions at any time.

Dealing

If the Merger Proposal is approved, dealing in New Shares will begin at 9:00 am on Monday 14 September 2015, being the next business day following the Effective Date. You may deal in your New Shares before you receive the letter of notification confirming the allocation of New Shares to you. The procedures for buying, selling and switching New Shares are the same as those relating to Shares in the Merging Fund.

If you wish to sell Shares in the Merging Fund prior to the merger or do not wish to be a shareholder of the Continuing Fund, your redemption request must be received before 12 noon on Thursday 10 September 2015. **If you do this, you should note that such a redemption or switch will be treated as a disposal of Shares for tax purposes and you may be liable to tax on any gains arising from the redemption or switch of Shares.**

Please note that due to the rationalisation of the range of Aberdeen funds and former SWIP funds described above, if you switch your investment into another sub-fund in Aberdeen Investment Funds UK ICVC II, such sub-fund may at some point be subject to separate changes itself.

In such circumstances, your Form of Proxy will be set aside and you should cast your votes when the poll is taken.

If, having completed and returned a Form of Proxy, you sell any of your Shares in the Merging Fund to which the relevant Form of Proxy relates before the Meeting, the Form of Proxy will not be counted in respect of those Shares and you will not be able to vote in respect of those Shares at the Meeting.

There is no guarantee that a positive return will be achieved over any time period and capital may be at risk. Investors may not get back the full amount originally invested.</p> <p>The Fund may invest up to 100% of its net value in a portfolio of UK equities (typically between 25 and 35 although this may vary from time to time at the discretion of the investment adviser). All or a substantial proportion of the physical assets of the Fund may at any time consist of cash, near cash, deposits and/or money market instruments.</p> <p>In addition, permitted equity related derivative contracts (including futures, options, swaps, contracts for difference and other derivatives) and techniques may be used to vary the total exposure to the UK equity market and express views on the direction of sectors and/or individual securities in order to enhance capital return, and/or limit downside volatility.</p> <p>The Fund may take long and short positions in the UK Equity market, securities and groups of securities through derivative contracts but total net derivatives exposure may not exceed the limits in the COLL Rules.</p> <p>The Fund may also invest, at the investment adviser's discretion, in other transferable securities, other derivatives and forward contracts, and units in collective investment schemes (and use may also be made of stocklending, borrowing, hedging and other techniques permitted by the COLL Rules).</p>	<p>The investment objective of Aberdeen Multi-Asset Fund is to provide long term total return from a diversified portfolio. Proposed Scheme of Arrangement

Feature	Merging Fund	Continuing Fund
Investment Adviser	Aberdeen Asset Managers Limited	Aberdeen Asset Managers Limited
Base currency	GBP	GBP
Typical Investor Profile	The Fund provides exposure to a range of stocks issued by UK companies and also invests in related derivatives (securities which derive their value from the price of other assets), money market instruments and cash or near cash. The Fund may be suitable for investors seeking capital growth opportunities through equity investments and could be used to complement a diversified portfolio. The Fund is intended to be held by institutional and professional investors and by private investors and may be suitable for investors willing to accept a higher level of risk in pursuit of potentially higher returns. Potential investors in the Fund are strongly advised to consult their professional investment advisers in respect of any investment decision in relation to the Fund. Due to the traditionally volatile nature of share prices, the Fund is aimed at investors with a medium to long-term investment horizon who will be able to hold the Fund for at least five years.	The Fund provides exposure to a broad range of equity securities, debt securities, money market instruments, derivatives and cash deposits (including through holdings in other funds) and may be suitable for investors seeking income or capital growth opportunities as part of a diversified portfolio of investments. The Fund is intended to be held by institutional and professional investors and by private investors and may be suitable for investors who wish to add a multi-asset component to a diversified portfolio and who are willing to accept a moderate level of risk. While the Fund aims to generate income, prospective investors should be aware that the withdrawal of income will have the effect of reducing the level of any capital growth which the Fund might achieve. Potential investors in the Fund are advised to consult their professional investment advisers in respect of any investment decision in relation to the Fund. The Fund is aimed at investors with a medium to long-term investment horizon who will be able to hold the Fund for at least five years.
Derivatives	<p>The Fund uses derivatives for both investment purposes and for purposes of efficient portfolio management (including hedging).</p> <p>The Fund uses derivatives to a significant extent. In addition, it may employ derivative techniques to effectively short sell (agree to deliver the relevant asset without holding it in the Fund) under certain conditions. As a result, as well as holding assets that may rise or fall with market values, it may also hold positions that will rise as the market value falls and fall as the market value rises.</p>	<p>The Fund currently only uses derivatives for purposes of efficient portfolio management (including hedging), as defined in the COLL sourcebook.</p> <p>The ACD reserves the right to utilise derivatives for investment purposes on the giving of 60 days' written notice to investors.</p>

- 1.1 In this Scheme, unless the context otherwise requires, the terms shall have the meaning set out in the Glossary to this document in Appendix 1. In addition, where relevant in the context, terms which are defined in the Regulations shall have the same meaning in this Scheme.
- 1.2 References to paragraphs are to paragraphs of the Scheme.
- 1.3 If there is any conflict between the Scheme and the respective instruments of incorporation or prospectuses of the Companies, the Scheme will prevail. If there is any conflict between the Scheme and the Regulations, the Regulations will prevail.

2. Approval of Shareholders

- 2.1 The merger of the Merging Fund is conditional upon the passing of an extraordinary resolution at an extraordinary general meeting of Shareholders, by which Shareholders approve the Scheme and authorise the implementation of the merger of the Merging Fund with the Continuing Fund.
- 2.2 If the extraordinary resolution is passed, the Scheme will be binding on all Shareholders (whether or not they voted in favour of it, or voted at all) and the Scheme will be implemented as set out in the following paragraphs.

3. Suspension of dealings in the Merging Fund

- 3.1 The last dealing in Shares of the Merging Fund will be at 12 noon on Thursday 10 September 2015. Instructions received after 12 noon on Thursday 10 September 2015 will be held over until the next valuation point of the Continuing Fund which will be 12:00 noon on Monday 14 September 2015 and will be deemed to apply to the New Shares issued following the merger.
- 3.2 In order to facilitate the implementation of the Scheme, dealings in Shares of the Merging Fund shall be suspended immediately after 12 noon on Thursday 10 September 2015.

4. Income allocation arrangements

- 4.1 The final distribution to be allocated in respect of the Merging Fund will be calculated at 12 noon on Thursday 10 September 2015. This has been agreed with State Street, the depository of the Merging Fund. If the Effective Date is other than Friday 11 September 2015, the ACD may, with the agreement of State Street, make such other alterations to the distribution dates of the Merging Fund as it considers appropriate in the circumstances.
- 4.2 The actual and estimated income (if any) available for allocation in respect of the period from the end of the previous accounting period accruing to accumulation Shares shall be transferred to the capital account of the Merging Fund and allocated to accumulation Shares and shall be reflected in the value of those accumulation Shares. The income so allocated to those accumulation Shares shall be included in the Merging Fund Value.

5. Calculation of the Merging Fund Value and the Continuing Fund Value

- 5.1 The Merging Fund Value and the Continuing Fund Value will be calculated as at 12:01 pm on Thursday 10 September 2015.
- 5.2 The Merging Fund Value and the Continuing Fund Value will be used to calculate the number of New Shares to be issued to each Shareholder (under paragraphs 6 and 7 below).
- 5.3 Since the administrator of the Merging Fund and the administrator of the Continuing Fund may use different pricing sources to value assets, the administrator of the Continuing Fund shall also calculate a value for the scheme property of the Merging Fund as at 12:01pm on Thursday 10 September 2015. Where, as a result of the use of different pricing sources, such value differs from the value of the Merging Fund calculated by the administrator of Merging Fund by at least five basis points, the Merging Fund Value may be adjusted by the amount of such difference.

Proposed Scheme of Arrangement

6. Transfer of property from the Merging Fund to the Continuing Fund and issue of New Shares

- 6.1 The property of the Merging Fund will become part of the property of the Continuing Fund in exchange and in full payment for the issue of New Shares. Natwest, the depositary of the Continuing Fund, shall then hold the property as attributable to the Continuing Fund, and shall make or ensure the making of such transfers and re-designations as may be necessary as a result.
- 6.2 The ACD will arrange for the issue of New Shares to Shareholders (who are registered as holding Shares on the Effective Date), free of any initial charge, as follows:

Merging Fund			Continuing Fund		
Class of Shares	Type of Shares	ISIN code	Class of New Shares	Type of New Shares	ISIN code
Class A	net accumulation	GB00B1265J60	Class A	net accumulation	GB0031682171
Class B	net accumulation	GB00B1265L82	Class I	net accumulation	GB0031682395
Class X	net accumulation	GB00B1265S51	Class Z	net accumulation	GB00B1GCQ752

- 6.3 All Shares of the Merging Fund will be deemed to be cancelled and will cease to be of any value as at 12:01 am on the Effective Date.
- 6.4 Shareholders will be treated as exchanging their Shares for New Shares.

7. Basis for the issue of New Shares

- 7.1 The price of each New Share to be issued under the Scheme shall be the price based on the Continuing Fund Value.
- 7.2 New Shares of the appropriate class will be issued to each Shareholder invested in the Merging Fund in proportion to that portion of the Merging Fund Value that is attributable to the Shares of the appropriate class owned by the relevant Shareholder immediately prior to the Effective Date. The formula used in calculating a Shareholder's entitlement to New Shares in the Continuing Fund is available on request.
- 7.3 All New Shares issued will be Group 2 Shares for the purposes of income equalisation.
- 7.4 The number of New Shares to be issued to each Shareholder will (if necessary) be rounded up to the nearest fraction (two decimal places) at the expense of the ACD.
- 7.5 New Shares shall be issued even where the number of New Shares to be issued is below the minimum holding of Shares referred to in the prospectus of the Continuing Fund.
- 7.6 Part of the consideration for the issue of New Shares in the Continuing Fund may be treated as income equalisation.

8. Notification of the New Shares issued under the Scheme

- 8.1 Certificates will not be issued in respect of New Shares.
- 8.2 It is intended that the ACD will notify each Shareholder of the number and class of New Shares issued to that Shareholder within two weeks after the Effective Date.
- 8.3 Transfers or redemptions of New Shares issued under the Scheme may be effected from the next business day after the Effective Date by telephoning the ACD on 0800 833 580. Written transfer and redemption requests in respect of New Shares can be made to the ACD at PO Box 9029, Chelmsford CM99 2WJ.

9. Mandates and other instructions in respect of New Shares

Mandates and other instructions to the ACD in force on the Effective Date in respect of Shares will be deemed to be effective in respect of New Shares issued under the Scheme and in respect of other later acquired Shares in the Continuing Fund, if relevant. Shareholders may change these mandates or instructions at any time.

Proposed Scheme of Arrangement

10. Termination of the Merging Fund

- 10.1 On the Scheme becoming effective the ACD shall proceed to terminate the Merging Fund in accordance with the Regulations, the prospectus of Aberdeen Investment Funds UK ICVC II and the Scheme.
- 10.2 The Retained Amount and any income arising on it will be used by State Street to pay any outstanding liabilities of the Merging Fund in accordance with the directions and instructions of the ACD and the provisions of the instrument of incorporation and prospectus of Aberdeen Investment Funds UK ICVC II and the Regulations.
- 10.3 If, on the completion of the termination of the Merging Fund, there are any surplus monies remaining in the Merging Fund, they, together with any income arising therefrom, shall be transferred to the Continuing Fund. No further issue of New Shares shall be made as a result. State Street shall cease to hold the Retained Amount in its capacity as depositary of the Merging Fund and shall make such transfers and re-designations as may be directed and/or instructed by the ACD.
- 10.4 If the Retained Amount is insufficient to discharge all the liabilities of the Merging Fund, the ACD will pay the amount of the shortfall at its own expense.
- 10.5 On completion of the termination of the Merging Fund, State Street and the ACD will be discharged from all their respective duties, obligations and liabilities in respect of the Merging Fund, except those arising from a breach of duty before that time. Termination accounts in respect of the Merging Fund will be drawn up and, within four months of completion of its termination, a copy of the termination accounts and the auditor's report on it will be sent to the FCA and to each person who was a Shareholder immediately before completion of the termination.
- 10.6 On the completion of the termination of the Merging Fund, the ACD shall notify the FCA in writing of that fact.

11. Costs, charges and expenses

- 11.1 State Street and the ACD will continue to receive their usual fees and expenses for being the depositary and authorised corporate director, respectively, of the Merging Fund out of the property of the Merging Fund which accrue prior to, or, in the case of expenses of the ACD or State Street properly incurred in connection with the Scheme or the termination of the Merging Fund, after the Effective Date.
- 11.2 The following costs of preparing and implementing the merger under the Scheme, will be paid by the ACD:
 - a) the costs of convening and holding the meeting of Shareholders (and any adjourned meeting);
 - b) any re-designation and registration fees;
 - c) the costs of termination of the Merging Fund; and
 - d) the fees and expenses of the ACD's professional advisers payable in connection with the merger and the Scheme.

12. Reliance on the register

- 12.1 The ACD, State Street and Natwest shall be entitled to assume that all information contained in the register of shareholders insofar as it relates to the Merging Fund on and immediately prior to the Effective Date is correct, and the ACD and Natwest shall be entitled to utilise the same in calculating the number of New Shares to be issued and registered pursuant to the Scheme.
- 12.2 The ACD, State Street and Natwest may each act and rely upon any certificate, opinion, evidence or information furnished to it by the other or by its respective professional advisers in connection with the Scheme and shall not be liable or responsible for any resulting loss.

13. Alterations to the Scheme

- 13.1 The ACD, after consultation with State Street and Natwest, may determine (subject to any necessary approval of the FCA) that the Effective Date of the merger is to be other than as set out in this document, in which case such consequential adjustments may be made to the other elements in the timetable of the Scheme as the ACD considers appropriate.
- 13.2 Unless this Scheme shall have become operative on or before Thursday 10 March 2016, this Scheme shall lapse.

Proposed Scheme of Arrangement

- 13.3 The ACD shall, at any time on or before the Effective Date, be authorised to modify, add to or apply conditions to the Scheme as the ACD may propose and as the ACD, State Street and Natwest may agree, provided always that the ACD (after notifying the Auditors) shall have:
- 13.3.1 sought and received the prior approval of the FCA unless the extent of the modifications, additions or conditions are not considered by the ACD, State Street and Natwest, acting reasonably, to warrant such FCA approval; and/or
 - 13.3.2 determined that such modifications, additions or conditions do not materially prejudice shareholders or potential shareholders in any Fund affected by the proposed modifications, additions or conditions.
14. **Governing law**
- The Scheme is governed by and shall be construed in accordance with the laws of England and Wales.

Appendix 5 Consents, Clearances and Documents for Inspection

1. Depositary

State Street, as depositary of the Merging Fund, whilst neither recommending nor offering an opinion on the merits of the Merger Proposal, which is a matter for each Shareholder's judgement, has informed us by letter that it has no objection to the Merger Proposal being placed before Shareholders for their consideration.

State Street has also informed us by letter that it consents to the references made to it in this document in the form and context in which they appear.

Natwest, as depositary of the Continuing Fund, has confirmed that it consents to the references to it in this document in the form and context in which they appear and that it will be bound by and implement, insofar as may become incumbent upon it, the terms and conditions of the Scheme in respect of the Continuing Fund.

2. Authorised Corporate Director (ACD)

Aberdeen Fund Managers Limited, as ACD of Aberdeen Investment Funds ICVC, has confirmed that it will approve the allotment and issue of New Shares in the Continuing Fund in terms of the Scheme.

3. The Financial Conduct Authority

The Financial Conduct Authority (FCA) of the United Kingdom has been informed of the proposal to implement the Scheme and has confirmed by letter to the ACD that these changes will not affect the ongoing authorisation of the Company.

4. KPMG LLP

As independent auditor to the Merging Fund, KPMG LLP has informed the ACD by letter that, whilst not otherwise expressing a view on the merits of the proposals set out in this document, it consents to the references to them in this document in the form and context in which they appear and that in their opinion the method of calculation of the number of Shares in the Continuing Fund to be issued to Shareholders in the Merging Fund will produce the correct arithmetical result as regards Shareholders in the Merging Fund and Shareholders in the Continuing Fund.

5. Tax

The ACD does not anticipate that any liability to UK stamp duty or stamp duty reserve tax should arise from the implementation of the Scheme. If any such stamp duty or stamp duty reserve tax were to arise from implementation of the Scheme, this would be borne by the ACD.

HM Revenue & Customs ("HMRC") has confirmed by letter to Aberdeen that section 137 of the Taxation of Chargeable Gains Act 1992 should not apply to the Scheme and consequently section 136 of that Act should not be prevented from applying whatever the size of holding. Accordingly, the Scheme should not involve a disposal of Shares in the Merging Fund for the purposes of tax on capital gains. New Shares in the Continuing Fund will have the same acquisition cost and acquisition date for capital gains tax purposes for each UK Shareholder as their existing Shares.

HMRC has also given clearance under section 701 of the Income Tax Act 2007 and section 748 of the Corporation Tax Act 2010 to the effect that the HMRC should not serve a counteraction notice in respect of the Scheme to counteract any corporation tax or income tax advantages arising pursuant to the Scheme.

Proposed Scheme of Arrangement

Appendix 6 Procedure for Meeting of Shareholders

Notice of a Meeting of Shareholders setting out the resolution to approve the Merger Proposal is in Appendix 7.

The quorum for the Meeting is two Shareholders, present in person or by proxy. If after a reasonable time from the meeting start time, a quorum is not present, the Meeting will stand adjourned for seven days. If, at an adjourned Meeting, a quorum is not present after a reasonable time from the Meeting start time, one person entitled to be counted in a quorum present at the Meeting shall constitute a quorum.

State Street Trustees Limited, as depositary of Aberdeen Investment Funds UK ICVC II, has appointed Alan Hawthorn (or failing him, any other duly authorised representative of Aberdeen Fund Managers Limited) to be chairman of the Meeting.

The resolution will be proposed as an "extraordinary resolution" and must be carried by a majority in favour of not less than 75% of the total number of votes cast at the Meeting. Persons who are Shareholders on the date seven days before the notice is sent out, but excluding persons who are known by the ACD not to be Shareholders at the time of the Meeting, are entitled to vote and be counted in the quorum. Once passed, an extraordinary resolution is binding on all Shareholders in the Merging Fund.

The ACD of the Merging Fund is only entitled to be counted in the quorum and vote at the Meeting in respect of Shares which it holds on behalf of or jointly with a person who, if himself the registered Shareholder, would be entitled to vote and from whom the ACD has received voting instructions.

Associates of the ACD are entitled to be counted in a quorum. They may vote at the Meeting in respect of Shares which they hold on behalf of or jointly with a person who, if himself the registered holder, would be entitled to vote and from whom they have received voting instructions.

In view of the importance of the Merger Proposal, the chairman of the Meeting will order a poll to be taken in respect of the resolution. On a poll, each Shareholder may vote either in person or by proxy. The voting rights attaching to each Share are such proportion of the voting rights attached to all the Shares in issue in the Merging Fund that the price of the Share bears to the aggregate price(s) of all the Shares in issue at the date seven days before the Notice of Meeting is sent out. A Shareholder entitled to more than one vote on a poll need not, if he votes, use all his votes or cast all the votes he uses in the same way.

In the case of joint holders, the vote of the first-named holder on the register who tenders a vote, whether in person or by proxy shall be accepted to the exclusion of the votes of the other joint holders.
