PLEASE PASS THIS LETTER TO THE INVESTMENT ADVISER(S) IN YOUR COMPANY WHO MANAGE INVESTMENT CHOICES FOR CLIENTS ON RL360 PLANS. THIS NOTIFICATION MAY IMPACT THEM AND THEY MAY WISH TO TAKE SOME ACTION.

IMPACTS PRODUCT - PROTECTED LIFESTYLE

You are receiving this notification as your company has RL360 policies, which are advised by you and are impacted by this notification. We have not written directly to the owners of the policies. As each policyholder has appointed your company in the capacity of investment adviser to manage the investment choices on their behalf, you should contact your clients as necessary to discuss the details of this notification and any recommended course of action.

Dear investment adviser

CLOSURE OF THE INVESCO UK SMALLER COMPANIES EQUITY (UK) FUND

We regularly review the funds available to our unit-linked products to ensure that plan owners continue to have access to a high quality and diverse range of funds, to help them meet their investment goals. The review process considers the performance and risk profile of funds within the ranges to determine whether they continue to provide the right outcomes for investors and remain appropriate for the products.

We have recently completed a review of the UK Small Cap Equity funds in the Equity UK sector of the Protected Lifestyle fund range, resulting in a decision to remove the Invesco UK Smaller Companies Equity (UK) fund (the "Closing Fund") on **25 June 2025**.

How this impacts your clients' plans

On **25 June 2025** (the "**Switch Date**") your clients' holdings in the Closing Fund will be automatically switched (and any regular payment allocation redirected, where applicable) into an alternative fund in the range available to them (the "Receiving Fund").

Please note that the Receiving Fund is a Money Market fund and has a different risk reward profile to the Closing Fund, which is an UK Equity Small Cap fund. As the Receiving Fund has a lower risk/return profile than the Closing Fund, it is expected that returns over the long-term may be lower than the Closing Fund. Details of the Closing Fund and the Receiving Fund can be found in the Appendix overleaf.

We have now closed the Closing Fund to new business and switches-in, however, existing investors can remain invested in the Closing Fund until we switch them.

If you wish to override the switch, and any premium redirection, to the Receiving Fund we must receive your alternative instructions by 12noon (UK time) on **23 June 2025**.

Switching funds is easy

Fund Investment objective and policy	<p>The Fund aims to achieve long-term (5 years plus) capital growth.</p> <p>The Fund invests at least 80% of its assets in shares or other equity related securities of smaller companies incorporated, domiciled or carrying out the main part of their economic activity in the UK.</p> <p>In pursuing the Fund's investment objective, the fund manager may consider it appropriate to also invest in other transferable securities (including non UK companies), money-market instruments, cash, collective investment schemes (including funds managed by the Invesco group), deposits and cash.</p>	<p>The Fund's investment objective is to preserve capital and provide liquidity whilst aiming to deliver a return in line with prevailing short term money market rates for which SONIA has been chosen as the performance comparator.</p> <p>To achieve this objective, the assets of the Fund are invested with the principle of risk diversification predominantly in fixed and floating Sterling denominated Money Market Instruments and in deposits with credit institutions, including but not limited to, fixed-term deposits at financial institutions, certificates of deposit, commercial paper, medium-term notes, short-term treasury bills, floating rate notes, asset backed securities, ABCPs, call and notice accounts. The Fund is actively managed. The Fund may hold ancillary liquid assets. The Fund may have exposure to investments with zero or negative yields in adverse market conditions.</p>

¹Ongoing Charge ("OCF") includes the Annual Management Charge plus other operational expenses, so better reflects the total costs applied to the fund. This information is sourced from Morningstar® and is correct as at 31 March 2025.

²5 yr Standard Deviation – Standard deviation is a statistical measurement which, when applied to a fund, expresses its volatility, or risk. It shows how widely a range of returns varied from the fund's average return over a particular selected period; in this case a 5 year period has been selected. If a fund had an average return of 5%, and its volatility was 15%, this would mean that the range of its returns over the period had swung between +20% and -10%.

More information for the Closing Fund and the Receiving fund can be obtained from the Documents tab of the relevant product fund centre at www.rl360adviser.com/fundcentres. Documents include factsheet, prospectus and Key investor information document which details charges, fund objective and strategy and risks associated to the funds.
